

# Get **REAL** This Summer!

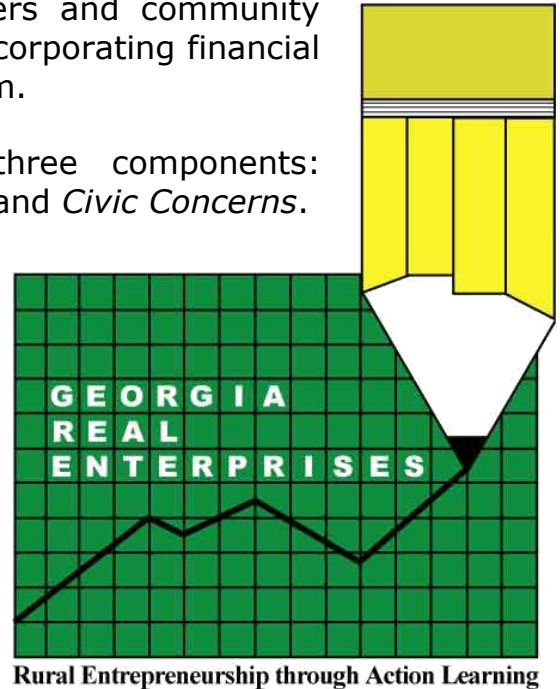

## ***REAL Entrepreneurship Institute***

Georgia REAL Enterprises is looking for teachers and community leaders who want to get **REAL**ly serious about incorporating financial concepts and skills into their instructional program.

The K-8 REAL program is comprised of three components: *Entrepreneurial Enterprises*, *REAL Money Sense*, and *Civic Concerns*.

K-8 REAL is a means of training teachers and community leaders to meet new state requirements to teach financial responsibility. Participants will learn to use materials and activities for the teaching of concepts of entrepreneurship, consumer economics, personal finance, etc. in their curriculum.

Summer Institutes offer hands-on sessions to help teachers learn experientially what they will teach their students. Participants can receive training at a 5-day REAL Institute. Come as part of a team or as an individual. However, a team approach provides a better opportunity for developing and maintaining a successful curriculum and implementation of K-8 REAL concepts.

**Better trained teachers help to make Georgia # 1 in entrepreneurship and the earlier the training the better!**

**Institute location:  
Harbour Town Resort  
Hilton Head Island, SC  
June 13-18, 2010**
